Any reference to Goods sold in these Battery Power Centre Standard Terms and Conditions of Trade shall be synonymous with Goods provided upon consignment in so far as it is not inconsistent with this clause. If Goods are consigned by Battery Power Centre to the Customer these terms and conditions shall apply whether the Goods are held at the Customer's premises or at any other premises, whether in control of the Customer or not. The Customer shall as and when required by Battery Power Centre carry out a regular stock-take of the Goods consigned and provide such details as may be required by Battery Power Centre in respect of such Goods and do all such other things as may be required by Battery Power Centre in relation to such Goods. In consideration of delivery of the Goods by the Battery Power Centre to the Customer (receipt of which is hereby acknowledged) the consignee Customer agrees to use its best endeavours to sell the Goods. Within 30 days of date of sale of any Goods consigned, the Customer must remit payment in full for the Goods to the Battery Power Centre.

69. All Goods which have not been sold by the consignee Customer within 90 days of the date of consignment shall be returned by the Customer to the Battery Power Centre at the Customer's expense.

70. Title in the Goods will remain the Battery Power Centre's until the first of the following occurs:

(a) the Goods are sold by the Customer;

(b) the Goods are lost or damaged (whether or not by the Customer or by any person for whom the Customer has legal responsibility);

(c) the Customer approves or accepts the Goods;

(d) the Customer performs any act which has the effect of adopting the transaction (including without limitation, re-selling the Goods or dealing with them as the consignee Customer's own property or making actual or constructive delivery of the Goods to any person for any purpose or transaction); or

(e) the Customer does not give the Battery Power Centre notice of rejection of the Goods and retains the Goods for longer than a reasonable time after they are delivered to the Customer.

71. Risk in the Goods passes to the Customer upon delivery of the Goods by the Battery Power Centre to the Customer.

72. If any loss or damage to the Goods occurs after delivery of the Goods to the Customer and prior to return of the Goods to the Battery Power Centre, this will be considered to be a sale of the Goods to the Customer entitling the Battery Power Centre to payment.

73. The Customer must not:

(a) remove, deface or cover up any marks of identification or ownership from the Goods;

(b) misrepresent who is the owner of the Goods; or

(c) in any way assign, charge, lease or otherwise deal with, or create a security interest over, the Goods except for the purposes of, and consistent with, this agreement.

74. If this agreement is a commercial consignment:

(a) it does not secure payment or performance of an obligation;

(b) Battery Power Centre and the Customer both deal in the Goods consigned under this agreement in the ordinary course of business;

(c) the interest of the Battery Power Centre in the Goods and all proceeds is a security interest and this agreement is a security agreement;

(d) the Customer consents to the Battery Power Centre registering its security interest on the Personal Property Securities Register and agrees to provide all assistance reasonably required by the Battery Power Centre to facilitate registration;

(e) the Customer waives its right to receive any notice under the PPSA (including notice of verification statement) unless the notice is required by the PPSA and cannot be excluded;

(f) Battery Power Centre and Customer agree that this agreement and all related information and document(s) are confidential (**Confidential Information**) and will not be disclosed to unauthorised representatives or third parties, except to the extent disclosure is permitted by this agreement or required by law. The Battery Power Centre and the Customer agree that the Battery Power Centre will not disclose the Confidential Information pursuant to a request under section 275(1) of the PPSA; and

(g) unless the Goods are used predominantly for personal, domestic or household purposes, the Battery Power Centre and the Consignee Customer

agree each of the following requirements or rights under the PPSA do not apply to the enforcement of the Battery Power Centre's security interest in the Goods or of this agreement:

- (i) any requirement for the Battery Power Centre to give the Customer a notice of removal of accession;
 - (ii) any requirement for the Battery Power Centre to give the Customer a notice of the Battery Power Centre's proposed disposal of the Goods;
 - (iii) any requirement for the Battery Power Centre to include in a statement of account, after disposal of the Goods, the details of any amounts paid to other secured parties;
 - (iv) any requirement for the Battery Power Centre to give the Customer a statement of account if the Battery Power Centre does not dispose of the Goods;
 - (v) any right the Customer has to redeem the Goods before the Battery Power Centre exercises a right of disposal; and
 - (vi) any right the Customer has to reinstate this agreement before the Battery Power Centre exercises a right of disposal of the Goods.
75. Expressions defined in the PPSA have the same meaning when used in this agreement.
